

To Whom it concerns. Please be advised that I am very satisfied with the services provided by XM Radio. They have given me something that AM-FM stations don't offer, good, reliable service and programming. I am a long haul trucker and find the weather and traffic reports to be invaluable in my business travel. I get the weather and traffic information in a timely manner, from a service that is always available, XM Radio. I urge the FCC to reject the NAB Petition 04-160
